IMPORTANT TO MINE OWNERS

The resolution passed by the joint houses of Congress relative to the elimination of assessment for mining claims for the years 1917-1918 has caused many prospectors to wonder just what the process should be in properly filing and recording their intention to hold the claim. The resolution stated that the claimant must file notice of his desire to hold said claim under this resolution on or before December 31st of each of the years.

The Arizona State Bureau of Mines in anticipation of this possible confusion on the part of the prospector, has issued special blanks for this purpose. These may be obtained by writing to C. F. Willis, director, Arizona State Bureau of Mines.

U. S. WANTS STENOGRAPHERS

There is a chance now for any one who can do stenography and typewriting to get a good paying position with the U. S. government. There is great difficulty securing a sufficient number of stenographers and typewriters for the unusual demands of the government. It is urged that girls also learn this art and secure lucrative positions. Application to John A. McIlhenny, president of the U. S. Civil Service, Washington, D. C., will get the desired information on this subject.
